

### **“The Hiker” Sample Itinerary:**

There are so many wonderful waterfalls and hikes in this area, it is almost impossible to choose just a few. For the exploratory guest, book the “Adventure” Package and the inn will provide you with a gourmet picnic lunch for two, picnic backpack for you to take home, your choice of house red or white wine, and The Wayward Traveler’s Hiking Guide. If you like, contact the inn directly to arrange an early check in, and we will provide you with your picnic lunch so that you don’t waste any time!

If you have never been to the area, you simply must see Tallulah Gorge State Park. This trail takes approximately 2 hours and is 1000 steps down to the bottom. Get there early to get a permit to travel to the bottom. The park only gives out so many permits per day. Make sure to visit lookout Number 3. From here, you can see the gorge’s tallest waterfall, Hurricane Falls, at 96 feet.

If your legs aren’t complete rubber afterwards, travel just a short distance to Minnehaha Falls. The trail is a very moderate hike, and you come upon a 100-foot cascading waterfall and rock area where you can enjoy a picnic lunch!

After a full day of hiking, come back to the inn for our complimentary (and well-deserved) wine & cheese hour served daily from 4:00-5:00.

Get an early start the next day and travel to see Raven Rock Cliff.

Raven Rock Cliff is a spectacular rock formation that towers over 100 feet above the Wild & Scenic Chattooga River. The well-maintained Raven Rock Trail makes a moderate descent into the Chattooga River Gorge- one of the most beautiful spots along Section Four of the Chattooga River. An easy rock scramble upstream will bring you to Raven Chute, a Class IV rapid stretching across the river. In the warm season when the water is high enough, it is fun to watch kayakers negotiate the rapid.
